

## *Iowa Certified Emergency Manager Program (IACEM)*

### LEVELS OF CERTIFICATION

**The Iowa Emergency Management Association (IEMA) offers three levels of the Iowa Certified Emergency Manager (IACEM.)**

**IACEM**, designed for knowledgeable program staff with at least two years of experience.

**IACEM Advanced**, designed for professionals with five or more years of experience.

**IACEM Executive**, designed for tenured professionals with a wide breadth of knowledge and experience.

### COST

The approximate investment for personnel to complete the IACEM level has a value of \$5,000.

Several Emergency Management Commissions in Iowa value staff attaining the IACEM credential through increased staff compensation.
